

# The Printed Word

*...More than just ink on paper*

In March 2023, we had installed solar panels at the TPW factory in a bid to offset a significant amount of CO2 produced via our printers. Moving forward, each month we will share this report which shows the positive impact this has had on our business.

**Self Consumption September 2023 : 30%**

## Energy Generated : Monthly Breakdown

## Environmental Benefits
